

- Aiming for further expansion and targeting 20 billion yen in revenues by promoting the use of idle space through the concentration of bases and the streamlining of facilities

Create usable properties

- Expansion of the leasing business in the general market, by establishing grand designs for office buildings and selecting highly marketable buildings, and promote the expansion of general market lending

Develop similar models in major cities in Western Japan

Expand real estate utilization scenarios

- Leverage our experience of utilizing NTT Group real estate to realize a wide variety of usage patterns while giving due consideration to marketability

Share house (Osaka:Ikeda)

Wedding venue restaurants (Hyogo:Ashiya)
